### **911 C.A.S.P.E.R. Systems Has Updated Its Emergency Readiness Through FEMA's IPAWS**

Woolwine, VA May 23, 2013 ~ 911 C.A.S.P.E.R. Systems, has a Patent Pending System for Emergency Readiness called C.A.S.P.E.R. that is now Approved for FEMA's IPAWS Alerts and Warnings. Along with the Fundraising aspect of this System, it is a perfect Tool for Fire Departments, Rescue Squads, Schools and other Non-Profit Organizations. For Profit Business are able to utilize the Emergency Readiness aspect of their Patent.

"The C.A.S.P.E.R. Systems are more than just an LED Display" said Chuck Freels, one of the Patent Developers and Vice-President of 911 C.A.S.P.E.R. Systems. "C.A.S.P.E.R. is perfect for geographically relevant Alerts and Warning, especially Missing Person Alerts due to the ability of providing a picture of the Missing Person. The other benefit of C.A.S.P.E.R. is it is also a Fundraising Tool for Non-profit Organizations that compliments their Communities 'Buy Local' Campaign as well."

"We are looking forward to this new type of Tool to be incorporated within the small and large Communities across America to be utilized within the FEMA's Integrated Public Alert and Warning System (IPAWS)" Freels continued. "It will be very beneficial to drivers and passersby to get potential life threatening information in which they can act on to ensure their own safety."

The LED Displays are manufactured through Vantage LED Displays, who also provides the developed the Software that was exclusively designed according to 911 C.A.S.P.E.R. Systems specifications to interact with the LED Displays.

The 911 C.A.S.P.E.R. Systems Business is located in Woolwine, VA. 911 C.A.S.P.E.R. Systems is Distributed through their network of Distributor Partners. To find out more visit [www.911Casper.com](http://www.911Casper.com).
